CINEMAS & MULTIPLEXES

Venue: AM Cinemas, Metro Station, Wardha Rd, Nagpur, 440025

Problem & Solution:

AV Solutions sought a straightforward 7.1 audio system for their client, AM Cinemas Multiplex in Nagpur. The requirement was for a high-sensitivity system suitable for commercial cinema, building upon a previous successful installation at AM Cinema's two-screen multiplex on Wardha Road, Nagpur. The prior project featured a passive stage system complemented by a single 18-inch subwoofer. Both AV Solutions and AM Cinemas expressed satisfaction with the quality of the previously provided system.

Products Used:
