EDUCATIONAL INSTITUTIONS

Venue: Sree Balaji Dental College, Auditorium, Chennai

Problem & Solution:

AV Logix sought an elegant yet robust line array solution to equip the media seminar hall within the Sree Balaji Dental College Auditorium. In response to this specific need, DB Sound proposed and implemented a compact constant curvature LA82V System. This choice proved to be highly satisfactory, garnering approval from both the integrator and the end client, underscoring the system's efficacy and suitability for the venue's acoustic requirements and operational demands. The successful integration of this advanced audio technology has significantly enhanced the auditory experience within the auditorium, providing clear and consistent sound distribution throughout the space, which is crucial for the diverse range of media seminars and presentations hosted there.

Products Used:

DB Sound:

LA82V Line Array System
DB900 Power Amplifier

Integrator Details:

AV Logix, Hyderabad
Contact Person: Subash
