Private Cinema. Sounds Great!

In-Ceiling Speaker System

The HT24 in-ceiling speaker system represents a pinnacle of audio engineering, meticulously crafted to ensure you experience great quality in overhead 3D sound environments. Driven by world-class Lavoce drivers from Italy, this sophisticated system features dual 4-inch full-range drivers housed within a sealed, birch plywood enclosure. Its expert dipolar design is angled at 45 degrees, specifically optimised to enhance Dolby® Atmos movie playback with remarkable clarity, depth, and perfect resonance. Ideal for high-end home theatres and premium Hi-Fi music playback, it delivers an unparalleled, immersive cinema experience.
