

SURROUNDS S620CX In / On Wall

Coaxial Surround System

Transform your venue with the S620CX, a sophisticated audio solution engineered to be the cornerstone of premium 7.1 and immersive 3D cinema spaces. Powered by Lavoce drivers, it combines a robust 6-inch low-mid loudspeaker with a 1-inch coaxial high-frequency driver to deliver rich, breathtaking audio precision. Its innovative coaxial design creates a remarkably wide and homogeneous 95° conical pattern, ensuring surround effects and audio narratives wrap evenly around every single listener. With a compact, low-profile enclosure optimised for flexible in-wall or on-wall placement, it brings uncompromised, Dolby Atmos-ready theatrical power to VIP home cinemas & studios alike.
