

ARCHITECTURAL SPEAKERS

Intenso 2

Micro Satellite Speaker System

Redefining the relationship between miniature scale and premium acoustic output, the Intenso 2 Architectural Micro Satellite Speaker is designed to remain virtually invisible within sophisticated architectural spaces. The Intenso 2 features a rugged, 12mm birch plywood sealed enclosure carefully engineered to deliver ultimate speech intelligibility and smooth music playback in high-power distributed installs.

At its heart is a specialised 2-inch premium Lavoce driver from Italy, utilising a high-sensitivity Neodymium magnet assembly, 25mm voice coil, and copper demodulated ring for a highly extended frequency response. Supplying an exceptionally wide dispersion pattern and bundled with dedicated mounting brackets, it represents the definitive choice for discrete, uncompromising portable AV and 2.1 installations.

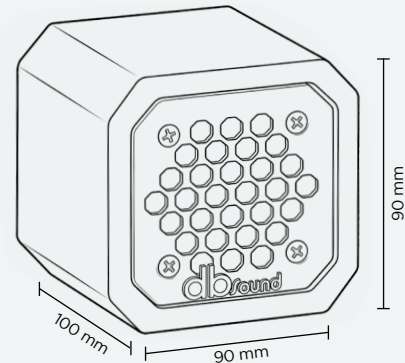

APPLICATIONS

Portable AV	2.1 Installs	Distributed Installs
Commercial Installs		Music Reproduction

SPECIFICATIONS

MODEL	Intenso 2
System Type	Micro Satellite Speaker System
Power (RMS)	25W
Program Power (RMS)	50W
Nominal Impedance	8 Ohms
Driver (Full Range)	Single 2 Inch Full Range Driver
SPL (Max)	106 dB
Coverage	Conical 100°
Frequency Response	140 Hz - 20 KHz
Rigging	1 x M6
Connectors	Euro Block Connectors
Enclosure	12mm Birch Plywood
Grille	CNC Perforated Steel Backed with Acoustic Foam
Finish	Textured Black Paint
Dimensions (H x W x D)	90 x 90 x 100 mm
Weight	0.60 Kg
Accessories	Bracket for Wall Mounting Included
