

PASSIVE SUBWOOFER SPEAKERS SBBP SERIES

Passive Subwoofer Speakers

Engineered to deliver profound low-frequency extension and high-impact acoustic performance, the SBBP series introduces three high-output passive band-pass subwoofers optimised for demanding fixed installations and touring applications. The lineup features the SB12BP with a 12-inch low-frequency driver and a 3-inch voice coil, the mid-sized SB15BP housing a 15-inch driver with a 3-inch voice coil, and the flagship SB18BP, which steps up to a formidable 18-inch driver paired with a robust 4-inch voice coil. All three models leverage a specialised band-pass vented architecture, generating exceptionally high sound pressure levels with omnidirectional dispersion. Housed within rugged enclosures meticulously crafted from 18mm birch plywood, the SB12BP and SB15BP utilise premium Italian Sica drivers, whilst the SB18BP is loaded with world-class Lavoce drivers from Italy. Complete with integrated M20 threaded pole sockets for flexible system deployment, the SBBP Series represents the ultimate low-end foundation for clubs, bars, multimedia spaces, and portable sound reinforcement systems.

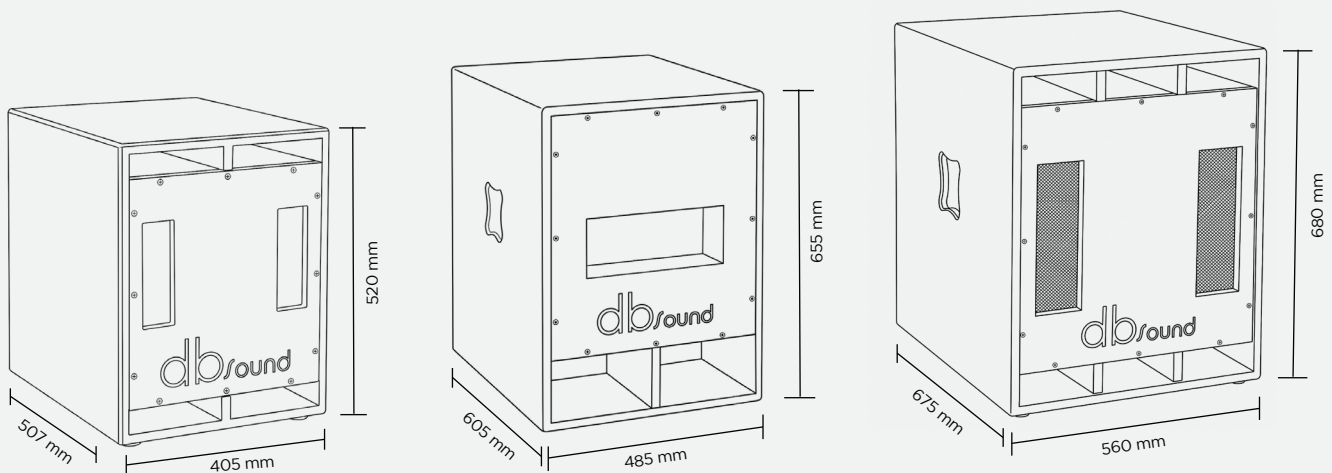

APPLICATIONS

Club and Bar Installs	Speech Reinforcement	Houses of Worship
Multimedia Spaces	Portable Sound Reinforcement	

SPECIFICATIONS

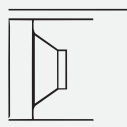

MODEL	SB12BP	SB15BP	SB18BP
System Type	Passive Band Pass Subwoofer System	Passive Band Pass Subwoofer System	Passive Band Pass Subwoofer System
Power (AES)	400W	500W	900W
Program Power (AES)	800W	1000W	1800W
Nominal Impedance	4 Ohms	4 Ohms	8 Ohms
LF Driver	Single 12 Inch LF 3 Inch VC	Single 15 Inch LF 3 Inch VC	Single 18 Inch 4 Inch VC
Maximum SPL	128dB	136dB	138dB
Frequency Response	43 Hz – 300 Hz	45 Hz – 300 Hz	36 Hz – 150 Hz
Directivity	Omni Directional	Omni Directional	Omni Directional
Pole Socket	M20 Threaded Pole Socket	M20 Threaded Pole Socket	M20 Threaded Pole Socket
Connectors	2 x NL4 MP Connectors	2 x NL4 MP Connectors	2 x NL4 MP Connectors
Enclosure	18mm Birch Plywood	18mm Birch Plywood	18mm Birch Plywood
Grille	CNC Perforated Steel with Acoustical Foam Backing	CNC Perforated Steel with Acoustical Foam Backing	CNC Perforated Steel with Acoustical Foam Backing
Finish	Textured Black Paint	Textured Black Paint	Textured Black Paint
Dimensions (H x W x D)	520 x 405 x 507 mm	655 x 485 x 605 mm	680 x 560 x 675 mm
Weight	27.00 Kgs	41.00 Kgs	51.00 Kgs
