

ARCHITECTURAL SPEAKERS

SB31 | SB32

Micro Satellite Speaker System

Bringing ultra-compact elegance and pristine fidelity to the Pro Audio range, the premium SB31 & SB32 Architectural Satellite Speakers are designed to excel in distributed audio installations and foreground/background music reproduction. Available in single 3-inch (SB31) or dual 3-inch (SB32) configurations, both models feature a robust birch plywood sealed enclosure meticulously engineered to deliver crystal-clear sound across commercial and high-end domestic applications. Driven by world-class Lavoce drivers from Italy, they project a highly precise 80° x 45° coverage pattern with exceptional efficiency. Complete with included wall-mounting brackets, the SB series provides a sleek, high-performance sound reinforcement solution that effortlessly blends into any sophisticated environment.
